

**TREASURERS REPORT FOR PERIOD**

**01 APRIL 2008 -31 MARCH 09**

For this reporting period Income was in excess of Expenditure by **\$8771.72**.  
This was accredited to subscriptions from renewals and new memberships.

During this reporting period **46** applications for Ordinary Membership and **1** for Social Membership (Tasmanian Branch) were received and approved.

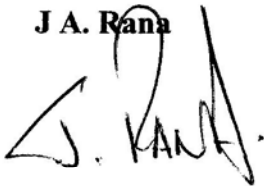

One Hundred and Thirty Eight members have renewed their membership, with a further Twenty Nine after this reporting period.

As at the *01 April 09*, **133 remained** outstanding. In 2008 **27** members failed to renew their membership while **47** applications for membership were approved.

Financial members total **726** as at the *31 March 2009*.

It is my considered opinion that the SAA is financially sound and current subscription and joining fees are adequate, and see no reason for an increase to be considered.

**J A. Rana**

**Hon. National Treasurer**
